Section 16.04.010 Purpose.

The purpose of this title is to promote the public health, safety and general welfare of the community. Manufactured homes, because of the manner of their construction and assembly (including heating, plumbing and electrical systems), like other finished products having concealed vital parts, may present hazards to the health, life and safety of persons and to the safety of property unless properly manufactured. Inspection of the construction of manufactured homes frequently cannot satisfactorily be performed after the unit has been manufactured. Further, manufactured home parks may present hazards to the health and safety of persons and to the safety of property unless they are properly planned, constructed and maintained. It is the policy of the city to:

- A. Provide protection to the public against possible hazards arising from manufactured home construction and for that purpose forbid the manufacture, and sale, or placement of manufactured homes which are not constructed so as to provide reasonable safety and protection to their occupants;
- B. Provide protection to the public against unsafe and unhealthful conditions in manufactured home parks, and to assure to those who live in such parks a reasonably safe, sanitary and decent environment;
- C. Protect and conserve the value of land and buildings nearby;
- D. Provide for adequate water, sewage, recreation and other requirements, facilities and open space needs as will accommodate the tenants of manufactured home parks;
- E. Establish reasonable standards of design and procedures for manufactured home developments, in order to further the orderly layout and use of land; and
- F. Avoid excessive expenditure of public funds for the supply of public services. (Ord. 6B-79 § 1 (part): prior code § 15-1(b))(Ord. 11a-2005, Amended, 11/15/2005)(Ord. No. 6D-2022, Amended 6/21/22)

Section 16.04.020 Jurisdiction.

This title applies to all manufactured home developments within the jurisdictional area of the city council. (Ord. 6B-79 § 1 (part): prior code § 15-1(c))(Ord. 11a-2005, Amended, 11/15/2005)

Section 16.04.030 Administration.

This title shall be administered by the city director of planning. (Ord. 6B-79 § 1 (part): prior code § 15-1(a))(Ord. 11-2007, Amended, 11/06/2007; Ord. 11a-2005, Amended, 11/15/2005)

Section 16.04.040 Compliance required.

A manufactured home park developer shall comply with reasonable conditions laid down by the director of planning for design, dedication, improvement and restrictive use of the land so as to conform to the physical and economic development of the city and to the safety and general welfare of the future tenants in the manufactured home park and of the community at large. (Ord. 6B-79 § 1 (part): prior code § 15-

2(c))(Ord. 11-2007, Amended, 11/06/2007; Ord. 11a-2005, Amended, 11/15/2005)(Ord. No. 6D-2022, Amended 6/21/22)

Section 16.04.050 Penalty for violation.

Any owner or proprietor of a manufactured home park within the jurisdiction area of the city who fails to provide and maintain any of the improvements or facilities required by this title, unless a specific variance or variances have been granted by the BOA, shall be subject to a fine not to exceed two hundred dollars for each day such failure continues; provided, however, no fines shall be imposed unless the owner or proprietor has personal knowledge of the deficiencies and has failed after the passage of a reasonable period of time to take measures reasonably calculated to remedy the situation. (Ord. 6B-79 § 1 (part); prior code § 15-4)(Ord. 11a-2005, Amended, 11/15/2005) (Ord. No. 6D-2022, Amended, 6/21/22)

All improvements required in this chapter shall be guaranteed.

A. The applicant may post a performance bond, at the time of application for final development plan approval, in an amount estimated by the city engineer as sufficient to secure to the city the satisfactory construction and installation of the incompleted portion of required improvements. The performance bond shall also secure all lot improvements on the individual lots of the manufactured home park or camping park as required in this chapter.

B. The performance bond shall comply with all statutory requirements and shall be satisfactory to the city attorney as to form, sufficiency, and manner of execution as set forth in this chapter. The period within which required improvements must be completed shall be specified by the zoning officer and shall not in any event exceed two years from the date of final approval.

C. The bond shall be approved by the zoning officer as to amount and surety and conditions satisfactory to the zoning officer. The director of planning may, upon proof of difficulty, extend the completion date set forth in the bond for a maximum period of one additional year. The city council may, at any time during the period of the bond, accept a substitution of principal or sureties on the bond upon recommendation of the city attorney, city manager, director of planning and city engineer. (Ord. 6B-79 § 1 (part); prior code § 15-36(a))(Ord. 11-2007, Amended, 11/06/2007; Ord. 11a-2005, Amended, 11/15/2005)

Section 16.24.020 Cost responsibility.

All required improvements shall be made by the applicant, at his expense, without reimbursement by

the city, or any improvement district therein, except that the city may share in the cost of required off-site improvements when such are of an unusual nature and not consistent with the character and/or size of normally required improvements. The cost sharing shall be in accordance with policies and rules properly adopted by the city council. (Ord. 6B-79 § 1 (part); prior code § 15-36(b))(Ord. 11a-2005, Amended, 11/15/2005)

Section 16.24.030 Failure to complete improvements.

In those cases where a performance bond has been posted and required improvements have not been installed within the terms of the performance bond, the city council may thereupon declare the bond to be in default and require that all the improvements be installed regardless of the extent of the development at the time the bond is declared to be in default. (Ord. 6B-79 § 1 (part); prior code § 15-36(c))(Ord. 11a-2005, Amended, 11/15/2005)

Section 16.24.040 Alternate guarantees--Authorized.

(Ord. 6B-79 § 1 (part); prior code § 15-36(d) (part))(Ord. 11-2007, Amended, 11/06/2007; Ord. 11a-2005, Amended, 11/15/2005)

The terms of the escrow, the use of collateral other than cash, and the selection of the bank with which funds are to be deposited are subject to the approval of the city council. Where an escrow account is to be employed, the developer shall file with the director of planning his agreement with the bank guaranteeing the following:

A. That the funds in the escrow account are to be held in trust until released by the director of planning and may not be used or pledged by the developer as security for any obligation during that period;

B. And that in case the developer fails to complete the required improvements, the bank shall immediately make the funds in escrow available to the city for the completion of the improvements. (Ord. 6B-79 § 1 (part); prior code § 15-36(d) (1))(Ord. 11-2007, Amended, 11/06/2007; Ord. 11a-2005, Amended, 11/15/2005)

The applicant shall pay to the city inspection fees in an amount established by resolution of the City Council as per Title 1 of this code, fees have been established. These fees shall be due and payable upon application for permit to construct the various types of improvements. All costs for testing of materials and installations shall be promptly paid by the developer or his agent when such services are billed. If the city engineer finds upon inspection that any of the required improvements have not been constructed in accordance with the city's construction standards and specifications, the applicant shall be responsible for correcting the improvements. Whenever the cost of improvements is covered by a performance bond, the applicant and the bonding company shall be severally and jointly liable for completing the improvements according to specifications.
